## MEADOW PARK PROJECT

**Our club has been in search of a major project that we can devote some time, effort and funding towards that will be of benefit to the community. Roger Frederickson has talked to the City of San Luis Obispo and discovered that the exercise equipment at Meadow Park needs to be replaced. This project has the potential to be a high profile, high recognition endeavor. In addition to our time and effort, this project will cost about \$10,000 over the next couple of years. Please give your input to Roger about this project or to get further details.**
